

Lapo Querci

email: lapo.querci1@unifi.it | website: lquerci.github.io

Dipartimento di Fisica e Astronomia, Università di Firenze, Sesto Fiorentino, 50019, Italy

EDUCATION

- **Doctor of Philosophy** | *Physics and Astronomy* Nov 2023 - present
University of Florence Florence, Italy
- **Master of Science** | *Physics and Astrophysics* Feb 2021 - Oct 2023
University of Florence; 110/110 cum laude Florence, Italy
- **Bachelor of Science** | *Physics and Astrophysics* Sep 2017 - Feb 2021
University of Florence; 110/110 cum laude Florence, Italy

INTERNSHIPS

- **In-situ visualization of numerical simulation** Aug 2022 - Nov 2022
Observatory of the Côte d'Azur Nice, France
- **Data Analysis Traineeship** Jan 2022 - Mar 2022
Negens s.r.l. Florence, Italy

COURSES[C] AND SCHOOLS [S]

- [C] INAF Workshop on Astrostatistics Observatory of Catania, Italy Oct 2024
- [S] Galaxy Formation and Evolution in a Cosmological Context AKSS, Spetses, Greece Jun 2024
- [C] MPI: hands on sessions University of the Côte d'Azur, Nice, France Sep 2022
- [S] 14th International School for Space Simulations Kobe University, Japan Sep 2022
- [C] HPC for Cosmological Application SNS, Pisa, Italy Feb-May 2022

TEACHING AND COMMUNITY INVOLVEMENT

- Freshmen Orientation Delegate Guiding high school students in their STEM career at UniFi Feb 2025 - present
- PhD representative Representing 70 PhD students within the Department of Physics and Astrophysics at UniFi Jun 2024 - present
- Physics Tutor Physics courses instructor for Physics, Chemistry, Biology and Natural science students Jan 2022- Jun 2023

POSTERS[P], TALKS[T] AND SEMINARS[S]

- [T] Dancing in the Dark, Sexten, Italy Jun 2025
- [S] University of Pisa, Italy Mar 2025
- [S] Observatory of Florence, Italy Sep 2024
- [P] The Milky Way Assembly Tale, Bologna, Italy May 2024

GRANTS

- PI of an ISCRA-C project at CINECA, Italy [60 KCPUhr] Mar 2024

PUBLICATIONS [\[ADS LIST\]](#)

3. **L. Querci**, S. Salvadori and A. Pallottini (in prep), Uncovering the last pristine spots hosting Population III star formation.
2. M. Rossi, **L. Querci**, S. Ciabattini, *et al.*, (in prep), CRIMSONs: Chemical enrichment with the random sampling of the initial mass function.
1. **L. Querci**, A. Pallottini, L. Branca, and S. Salvadori, (2025). *A&A* vol. 694, Art. no. A17, EDP. DOI: 10.1051/0004-6361/202452476

SKILLS

- **Languages** Italian, English
- **Programming** Python, C/C++, Fortran, HTML, CSS, JavaScript
- **Codes & Softwares** Arepo, DICE, MUSIC, Flash, Paraview
